EXPERIENCE

Nexmove Solutions, Navi Mumbai—Php/Web Developer 2024–Present

Developed and managed 5+ responsive websites with admin panels using PHP frameworks (CodeIgniter, Laravel), optimizing performance and improving user experience.

DYPATIL University, Navi Mumbai—Web Developer December-2024

Enhanced the D.Y. Patil University school's website by implementing user-friendly frontend and backend improvements, optimizing design, and ensuring a seamless browsing experience.

EDUCATION

ASM IMCOST, Thane West— MCA(PG) Achieved GPA: **8.20** 2022–2024

Mumbai University, Mumbai— BSC-IT(UG) Achieved GPA: **8.93** 2019–2022

PROJECTS

TO-DO (React.JS, Node.JS) [Drive Link](#)

- Developed a Todo app using the MERN stack, implementing full CRUD operations for seamless user interactions. The project enhanced my skills in MongoDB, Express, React, and Node.js, providing a robust and responsive application.

Mitras Global(Website) (Php, Mysql, Codeigniter 3) [Live Link](#)

- Designed and developed a professional website for Mitra's Global, incorporating user-friendly navigation, engaging content, and a responsive layout to enhance user experience and market education outreach.

PepWriter(Dashboard) (Php, Mysql, Codeigniter 3, Html, Css, JS, Jquery, Xamp)

- Developed a dashboard for a marketing business that allows owners, clients, and writers to easily send files and update information across multiple sections.

ByheartPathlabs (Admin-Doctor) (Php, Mysql, Codeigniter, Jquery) [Drive Link](#)

- Developed a secure login system for doctors and features for clinic staff to manage doctor records, enabling account creation and management by area.

NexmoveSolutions (Admin) (Php, Mysql, Codeigniter 3, Jquery, Xamp)

- Developed an admin panel for Nexmove using HTML, CSS, JavaScript, PHP, and MySQL, allowing users to update content without coding, along with UI enhancements for better usability.

Aptrel Admin Panel (Php, Mysql, Codeigniter 3, Html, Css, JS, Jquery) [Drive Link](#)

- Created an admin panel for Aptrel utilizing HTML, CSS, JavaScript, PHP, and MySQL, allowing users to update images, descriptions, titles, and logos without any coding required.

Frontend (Html, Css, JS, Bootstrap)

- Task 1 [Drive Link](#) | [Live Demo Link](#) | [Github](#)
- Task 2 [Drive Link](#) | [Live Demo Link](#) | [Github](#)

Primary Skills:

Frontend Development:

- HTML5, CSS, JavaScript
- React.js, Php
- Codeigniter 3/4, Laravel

UI Library & Design

Systems:

- Tailwind CSS, Bootstrap
- Figma, Canva

Backend Development:

- Node.js, Express.js
- MongoDB, MySQL
- REST APIs

Tools and Technology:

- Postman
- AWS Sevices
- Pagespeed Insights

Familiar Skills:

Testing and Deployment:

- Hostinger, Render, Netlify

Optimization:

- Build Systems
- System Design
- JS Optimization
- Web Performance
- LLD & HLD
- Accessibility
- Maintainability
- Code Modularity
- Agile Methodologies
- AWS Services

CERTIFICATION

AWS re/Start Practisoner Graduate 2023–2024
